■ Technical Skills

- **Programming Languages:** C/C++, Python, SQL, R, MongoDB.
- **Tools :** Git ,Github , Jupyter Notebook , Power BI, Tableau,Docker.
- **Data & Visualization Tools:** NumPy, Matplotlib,Pandas,Seaborn, Data Modeling , Data Cleaning,Data Wrangling .

■ Key Projects & Experience

- **Career Insight Dashboard:** An interactive Power BI dashboard analyzing 39K+ data job postings to reveal trends in roles, skills, locations, and salaries. Includes visual insights like posting timelines, skill heatmaps, and salary benchmark ideal for job seekers and recruiters.
- **Global Job Trends Dashboard (Power BI):** Designed an interactive dashboard showing job distribution, average salary, and education-level insights.
- **Data Analytics Portfolio:** Completed Deloitte job simulation and performed pay equity analysis using Excel, Power BI, and Tableau.
- **Facial Golden Ratio Detection (Python, Google Colab):** Built a collaborative project that analyzes facial proportions using image processing to calculate the golden ratio.
- **Computer Vision Traffic Analysis (OpenCV):** Developed a real-time vehicle detection system to study traffic flow patterns.
- **Route Optimization System:** Created a route planning algorithm using ML to predict the shortest travel time with mapping APIs.
- **Data Analytics Portfolio:** Completed Deloitte job simulation and performed pay equity analysis using Excel, Power BI, and Tableau.

■ Education

- Masters of Science (Data Analytics) -Pursuing
University of Mumbai , Mumbai.
- Bachelor of Science (B.Sc. IT) (Aug 2022 - May 2025) CGPA - 9.05
Model College of Science and Commerce, Kalyan .

■ Certifications & Training

- C , C++ Programming Training – Object-oriented concepts including classes, inheritance, and polymorphism. Strong foundation in procedural programming, pointers, and memory handling.
- Python Programming Training – Comprehensive coverage of data structures, OOP, and data manipulation.
- Deloitte / Forage Data Analytics Simulation – Practical data analysis and reporting exercises.
- Research Methodology Course (Udemy) – Training in structured research and documentation techniques.
